

ACCESSORIES

OKPOL roof window accessories are both functional and decorative. The accessories blend design and function to match your interior decorations and style. They also offer the means to control levels of light and give you protection from excessive heat gain.

OKPOL roof windows can be equipped with electric motors for ease of use and additional locks preventing the accidental opening of the windows and extra security.

MULTISTOP ROLLER BLIND (D36)

An elegant aluminium top and frame provide a neat yet unobtrusive finish and a very practical way of controlling light.

DECOMATIC ROLLER BLIND (D32)

With a neat aluminium top and catches, the Decomatic blind can be positioned at different heights, allowing you to control the amount of light entering the room.

CLASSIC ROLLER BLIND (D11)

This is a practical and cost effective way of protection against the sun and heat. Special catches allow the blind to be positioned at different heights on the window.
